Exam has a new design feature. While there are 60-items total, the test is divided into a set of 40 items that comprise the Core and an additional 20 items with more advanced concepts tested. This design will allow for two sets of norms to be calculated (which is why the test has two listing here).

for the 1 semester exam, it was not hard, it was not easy. It was medium. I had to self teach myself biochemistry, I mean the entire semester, and taught myself from a lehniger book and I feel I wasn't totally prepared. For a side note, for anyone familiar with ACS exams, this is def. easier than org chem ACS exam.
