Airguide has its origins at the dawn of the Depression, 1930, when Richard Fee and Albert L. Stemwedel launched their business, manufacturing battery maintainers for the growing home radio market. By 1932, they'd expanded into hygrometers and thermometers, landing a big contract to manufacture the latter for Marshall Fields.

Airguide Instrument Co., est. 1930 - Made-in-Chicago Museum

Airguide Instrument Co. was founded in 1930 by Albert L. Stemwedel and Richard Fee in Chicago, IL. Their first products were battery maintainers for home radios (at that time, many homes were still not connected to the power grid) and hygrometers. Around 1932, they landed a major contract to provide thermometers to Marshall Field & Co.

I have a beautiful wood framed Airguide weather Instrument designed to be hung on a wall. It belonged to my parents and I would guess that it is approximately 25 to 30 years old. It has always had very good care and looks brand new. It has three separate instruments within a 37" tall (walnut?) frame : 2" X 10" thermometer, 10" diameter barometer and 3 1/2" humidity gauge.

Airguide instrument company - Ask Me Help Desk

I recently bought a pretty cool tach thats made by Airguide Instruments out of Chicago, IL. I had never heard of them, nor seen another guage from the company, so I did some research and it seems they are boat instrument company thats been around since the 30's.

Air warfare consists of the deployment of air wings to strategic regions, where they can undertake missions targeting enemy air forces, land units, naval units or buildings. Given that air warfare is the only type that directly affects all three types of combat (on top of the strategic targeting), the air war is something the player must take into account when devising successful strategies.

The Recent History of OTA TV. Back in 2009, the FCC mandated that the country switch from analog to digital television. At the beginning of that year, over 10% of households in the US had TVs that weren't ready to support the new digital format. When the big day came, about a quarter of those households had decided to upgrade to cable or satellite television while the rest opted for a ...
