The best time to start learning clutch control is when the car is at a standstill and you wish to move away. The clutch is the pedal on the extreme left at your feet in the driving seat. You need to be able to depress the clutch to the floor comfortably and without over-stretching your left leg, so always ensure, before putting on your seat belt that the seat is positioned correctly for your needs.

## **Clutch control explained - Go Girl Car Insurance**

The clutch pedal is used to move from one gear to another whilst driving. The clutch is used to control the car when coming to stop to prevent the car from stalling. The clutch can be used to stop the car when travelling at slow speeds or carrying out manoeuvres by using a technique called clutch control.
