Preventative Maintenance for Computers — by Lisa Richards, Educational Outreach Writer. Like many other pieces of technology, computers see constant wear and tear from being used. Simple things like downloading files, clicking on harmful sites by accident, and allowing dust to settle on the keyboard can build up to the computer slowing down and possibly being unusable.

**Preventative Maintenance for Your Computer**

This series is for moms, dads, grandmas, and grandpas, and anyone else in the family tree who has ever asked their geek relative to “fix” their computer during a holiday visit. It’s for the neophyte or casual computer user who doesn’t want to sit around troubleshooting problems and trying out solutions.
