Computer Science and Engineering is a peer-reviewed journal that deals with all aspects of computer science. It publishes articles which contribute new theoretical results in all areas of the foundations of computer science. Papers reporting original research and innovative applications from all parts of the world are welcome.

Scientific & Academic Publishing: Aims and Scope

In computer science, 190 journals are listed, meaning 380 journals in this field were surveyed. Of these 190 journals, 96 published 500 or more papers during the period. This ranking of the top 20 by citation impact (citations per paper) should be recognised as distinctly different from Thomson Reuters' impact factor rankings, which are presented in the Journal Citation Reports issued each year.
