Defensible Space By Oscar Newman

The defensible space theory of architect and city planner Oscar Newman encompasses ideas about crime prevention and neighborhood safety. Newman argues that architectural and environmental design plays a crucial part in increasing or reducing criminality. The theory developed in the early 1970s, and he wrote his first book on the topic, *Defensible Space* in 1972. The book contains a study from New York that pointed out that higher crime rate existed in high-rise housing projects than in low-rise c
