Clarity. The first important element of language is clarity, or the use of language to make sure the audience understands a speaker's ideas in the way the speaker intended. While language, or verbal communication, is only one channel we can use to transmit information, it is a channel that can lend itself to numerous problems.

User Review - Flag as inappropriate A classic in mid-80's generative syntax. The main focus of the book is classical binding theory (again in the context of generative syntax), but there's also a nice introduction where Chomsky, in a rare moment, examines connections between his political work and his theoretical linguistics. Not for the feint of heart, and probably only really comprehensible ...
