Engine Start/Test Stand Plans

Engine Stand Project. I decided that it would be nice to have an engine run-in stand. place to bolt a motor, then fire it up and run it for break-in, tuning, and to find and fix any problems, such as leaks, before doing the final motor installation. You can buy engine run-in stands, but they aren't cheap, and then involve truck shipping since they are so large.

Build your own Engine Testing stand (DIY Plans) Fun to ...

With moderate weight on these stands, even the biggest one required two men to rotate the engine. The included leverage bars on all three stands are too small and short to help. Rolling around the ...

Budget Engine Stands - Hot Rod Magazine

With the assembly still on its side, place a small scrap of 2x4 underneath the forward part of the stand. Place a longer section of 2x4 underneath the aft end of the stand, and position it between the base and the motor board. This will be the aft support of the motor board assembly, so arrange it for maximum support of the motor board.

Build your own portable outboard motor stand.

A motor stand, especially one on casters, makes maintenance and storage a breeze. You can buy a manufactured stand, like this one from Garelick, but if you have a few spare 2x4s and some deck screws, you can make one for next to nothing. All you need is a good set of plans.
