Experience and Education by John Dewey - Goodreads

Experience and Education provides a fine foundation upon which they may unitedly promote an American educational system which respects all sources of experience and rests upon a positive-not a negative-philosophy of experience and education.

dewey

“Experience and Education” is, therefore, a vital education tool which emphasized on the individualized character of a person’s experience as well as the requirement for educators and people of educational institutions of grasping and considering the previous experiences of a person in order to efficiently and ultimately plan a series of beneficial educational experiences which will pave the way for students to fulfill their abilities as part of community.

An Analysis of John Dewey’s “Experience and Education ...

While 65 percent of jobs require postsecondary education, managers still consider internships, employment during college, and volunteer experience more important than GPA or relevant coursework when evaluating a candidate’s readiness for a job.

Education vs. Experience: Which Do Employers Value More?

The experience versus education debate is not clear-cut and depends largely on the job you're going after. In a high-tech field, education might trump experience, while in vocational fields,...

Experience or Education: Which One Lands You the Job?

The notion that some subjects and methods and that acquaintance with certain facts and truths possess educational value in and of themselves is the reason why traditional education reduced the material of education so largely to a diet of predigested materials.”. — John Dewey, Experience and Education.
