Writings on gender in the Middle East have tended to focus on the status of women. Issues of male identity, in a region which has seen enormous social change over the past thirty years, have been somewhat neglected. Imagined Masculinities redresses this balance by examining masculinity as a social construct as diverse in its forms as femininity.

White evangelicals in the United States fell in love with a foul-mouthed man who never had a born-again experience of faith. Far from being an emblem of "family values," this man, who cemented his myth and persona by his on-screen acting, had married three times, divorced twice, carried on several high-profile affairs, and helped circulate racist stereotypes to the masses.

On Evangelical Masculinities — The Revealer

MASCULINITIES. The academic study of masculinity has recently emerged as a parallel to feminist strategies of deconstructing historical, cultural, class, religious, and other factors shaping notions of maleness. In the case of Islam and Muslim societies, elements contributing to masculinities are normative pronouncements of the religion, the models of the Prophet and his companions, as well as philosophical, ethical, and social discourses and practices.
