The governed engine speed is approximately 2,500 rpm. With horsepower ratings ranging from 170 hp (130 kW) to 350 hp (260 kW), the Navistar DT engines are used primarily in medium-duty truck and bus applications, although prior to 1986 Navistar International, then known as International, the DT engine was used in farm and construction equipment.

Rebuilding Navistar/International DT466 Diesel Engine

The International Harvester Company (IHC) has been building its own proprietary truck engines since the introduction of their first truck in 1907. International tended to use proprietary diesel engines. In the 1970s, IHC built the DVT 573 V-8 diesel of 240 and 260 hp (179 and 194 kW) but these were not highly regarded and relatively few were sold.
