Productivity expert Maura Thomas explains why time management is no longer a sufficient or effective way to be productive—and how attention management is actually the best way to focus, get things done, take back control of your schedule, and reduce distractions.

## **Attention Management: Productivity Skill You Need to Take ...**

When you control the focus of the meeting, you control the meeting. Keeping the focus on the prospect's problem helps you sell faster. The salesperson framed the issues for me: I could keep looking, or I could take action. He let me know what would happen if I kept looking. He kept me focused on my date, my dinner reservation and my travel time.
