Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

The Politics Of Gay Rights

Because it pulls together many topics addressed by some signature authorities in the field (many of whom have written book-length treatments of what appear here as chapters), "The Politics of Gay Rights" was, in my judgment, one of the first books in LGBT political science to be really useful as a core text for an undergraduate college course; I will be using it as such in a seminar on gay/lesbian politics in spring 2002 (please feel free to contact me for more information).
