Ben Sarah Muneeb We do not realize how we interpret the world Creative genius Visual virtuoso Without exception, everything you see you construct: Color, shading, texture, motion, shape, visual objects, and entire visual scenes.

Visual Intelligence How We Create What We See Donald D ...

Hoffman proposes that seeing is a creative act of intelligence and that we literally create the visual world we live in. He explains, with persuasive clarity, that this ability is innate. We are born visually competent and that all we need to acquire visual skill is to see. Seeing is not something we learn to do, it is something we grow to do.
